RINSING - FILLING - CAPPING MACHINES 30 BPM

| Model | KRFC-30 |
|---------------------------|--|
| No. of Heads | 10 - 5 - 1 |
| Bottle Size Range | 200 - 2000 ml |
| Capacity @ 1Ltr | 1800 BPH / 30 BPM |
| Rinsing Water Pr. | 1 - 2 Kg. / cm2 |
| Rinsing Water Consumption | 200 Ltr. / Hr. |
| Air Pressure | 4 - 6 Bar |
| Air Consumption | 1 - 2 CFM |
| Power Consumption | 5 HP (Machine) 8 HP (Shrink Tunnel) |
| Weight | 1000 Kg. |

60 BPM

| Model | KRFC-60 |
|---------------------------|--|
| No. of Heads | 12 - 16 - 6 |
| Bottle Size Range | 200 - 2000 ML |
| Capacity @ 1Ltr | 3600 BPH / 60 BPM |
| Rinsing Water Pr. | 1 - 2 Kg. / Cm2 |
| Rinsing Water Consumption | 600 Ltr. / Hr. |
| Air Pressure | 4 - 6 Bar |
| Air Consumption | 1 - 2 CFM |
| Power Consumption | 5 HP (Machine) 8 HP (Shrink Tunnel) |
| Weight | 2000 Kg. |

150 BPM

| Model | KRFC-150 |
|---------------------------|--------------------|
| No. of Heads | 24 - 24 - 8 |
| Bottle Size Range | 200 - 2000 ML |
| Capacity @ 1Ltr | 9000 BPH / 150 BPM |
| Rinsing Water Pr. | 1 - 2 Kg. / Cm2 |
| Rinsing Water Consumption | 1200 Ltr / Hr. |
| Air Pressure | 4 - 6 Bar |
| Air Consumption | 2 CFM |
| Power Consumption | 7 HP (Machine) |
| Weight | 1000 Kg. |

10000 LPH MINERAL WATER PLANT

Owing to our vast years of experience we are the expert in manufacturing and exporting a wide array of packaged drinking water plant on turnkey basis. The mineral water is the purified water fortified with requisite amounts of minerals which can be absorbed and necessary for human body. The mineral or packaged drinking water will be manufactured and packed under hygienic conditions in properly washed and cleaned bottle in our machines.

JAR FILLING MACHINE

| MODEL | KRFC- 20L- 200 JPH | KRFC- 20L- 400 JPH |
|----------------------------|-----------------------------|-----------------------------|
| Output | 200 Jars Per Hour @ 20 Ltr. | 400 Jars Per Hour @ 20 Ltr. |
| Water Pressure | 2 - 3 kg. / cm2 | 2 - 3 kg. / cm2 |
| Rinsing Water Consumption | 200 Ltr. | 400 Ltr. |
| Compressed Air Pressure | 6 to 8 Bar | 6 to 8 Bar |
| Compressed Air Consumption | 4 - 5 m3 / min | 6 - 8 m3 / min |
| Power Consumption | 8 H.P. | 10 H.P. |
| Weight | 300 Kgs. | 400 Kgs. |

Koldpack 20L - RFC Series Machine is fully Automatic multi functional combined machine integrating washing, filling and capping in to single body. The Machine is equipped with man-machine interface control technology with all necessary PLC Based Automation.

For higher output like 600 jar per hour & above try our Rotary Jar Filling Machine.
